Hello Michele,

Sorry to reply only now.

Our GIS staff have checked our data against Vol. 1B (East central California) data and they match. We're still going through the other volumes, but it looks like the data that we have for fields covered by our District 5 (Coalinga) and District 4 (Bakersfield) are OK.

Hi Jerry,

I was wondering if you were able to make a comparison between what you had for Volumes I-III and what we sent to you that was copied from our files.

Thanks, Michele

I just resent it. When I sent it last week, I received an out of office notification for you which said to contact Rob. Let me know if you still do not receive it. Thanks!

Good morning Michele,

I did not receive the Sept. 1982 letter nor did I get an email recently on this.

Are you referring to a past email sometime last year when I requested this from you?

Jerry

Hi Jerry,

Great. Also I sent you the other letter (Sept 1982) which was incorporated into the MOA via email. You received that, right?
